

**SUMMARY OF PROPOSED AMENDMENT TO FLORIDA STATE
UNIVERSITY REGULATION 6C2R-2.02422. SPECIAL FINES, FEES AND
PENALTIES**

Section 1009.24(13)(s), Florida Statutes, authorizes a technology fee of up to 5 percent of the tuition per credit hour, beginning with the fall term of the 2009-2010 academic year. The law requires the revenue from this fee shall be used to enhance instructional technology resources for students and faculty and that it shall not be included in any award under the Florida Bright Futures Scholarship Program.

This fee is needed to fund crucially needed improvements in technology resources throughout the university establishment. The proposed amendment would create a technology fee of 5 percent of tuition per credit hour as authorized by the legislature beginning in Fall 2009-2010 and thereafter, as may be amended by the Board of Trustees.
