College of Medicine Notes:

Because of the variances explained below, the actual amount charged a particular student may vary based upon actual credit hours since a few fees are not charged as block fees. Also, for Medical students, some years the program may include more than two semesters which may overlap academic years.

When the FSU College of Medicine was established, the Tuition, Building, Capital Improvement, & Financial Aid Fees were established based on 40 credit hours per block year and that has continued.

Local fees (Athletics, A&S, Health) are established here based on 36 credit hours per block year but charged at actual hours or semesters.

Transportation Access, Student Facilities Use Fee and Technology Fees are assessed on a per credit hour basis in which the students are actually enrolled for each semester, and not at block rates. The SFUF is \$20/semester plus \$2.00 per credit hour per semester. It is only assessed the first two years, because the students are studying off campus the second two years.

The part-time, per credit hour rate each semester is calculated based on 12 credit hours per semester.
