(1) Statement of Intent. It is the intent of the University to acquire quality goods and services in a cost effective manner, within reasonable or required time frames, while promoting and maintaining fair and open competition in the public procurement process. 1. Duties and Powers. The Director of Purchasing Services is delegated authority to serve as the Chief Procurement Officer for the University, and shall exercise the powers, duties and functions pertaining to the procurement of commodities and contractual services.

(a) The purchasing director may delegate to the purchasing department staff such portions of those powers, duties and functions as deemed appropriate.
3. Additional Purchasing Delegation. Departments’ delegated authority to make purchases of commodities and services for their respective area is limited to the following: Food purchased for the cafeteria at the Florida State University Schools; books and periodicals purchased by University libraries, and purchases by the Facilities Department. Any such purchases shall be processed by the appropriate University department in full compliance with this regulation. (b) Remove any contractor from the University’s competitive solicitation or vendor list that fails to respond to one (1) or more competitive solicitations or to fulfill any of its duties specified in a contract with the University and to reinstate any such contractor when satisfied that further instances of default will not occur. A “No Bid” or similar response is considered a response under this section.

(c) Plan and coordinating purchases, including volume purchases; and negotiating and executing agreements and contracts for commodities and contractual services for use by all University departments.

(d) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently purchased and are available from a single source.

(e) Evaluate and approve contracts established by the Federal Government, other states, political subdivisions, or any independent college or university or educational cooperative or educational consortium for the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University to make purchases under contracts established by such other entities. Contracts so approved are not subject to additional competitive solicitation requirements.

(f) Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be
on a university, regional or multiple state university-wide basis and the contracts may be for multiple years.

(7) Source Selection and Contract Formation for Commodities and Contractual Services.

(a) Competitive Solicitation Required. The purchasing director shall be responsible for ensuring that all contracts for the purchase of commodities or contractual services exceeding the maximum competitive solicitation limit established in Board of Governors Regulation 18.001, (currently $75,000), are awarded pursuant to a competitive solicitation, unless otherwise authorized herein. The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.

(b) Public Notice. The purchasing director, or a designee, shall determine the method of public notice to be used in each case of a competitive solicitation based on the nature and quantity of the commodities, contractual services, or construction sought and the availability and extent of competitive solicitation lists. Posting of competitive solicitations on a Purchasing Department website constitutes public advertising.

(c) Receipt of Responses. Competitive solicitation responses shall be delivered, including electronically, as directed in the competitive solicitation to the appropriate Purchasing Department, or as otherwise directed in the competitive solicitation document, at or prior to the date and time specified in the competitive solicitation. Responses that are not delivered to that location and only that location, no matter what the reason, shall not be considered. It is the responder’s responsibility to assure that their response is delivered at the proper time and place. The clock in the Reception area of the Purchasing Services Department is designated as the official timepiece for purposes of determining whether a
response is received in Purchasing Services by the appointed date and hour. Purchasing
departments with delegated purchasing authority may designate an alternate timepiece.

1. Prior to the time a competitive solicitation is opened, the purchasing director,
or a designee, may change or correct the terms, conditions or specifications by issuing an
addendum to all known recipients of the competitive solicitation.

2. A responder to a competitive solicitation may withdraw or correct a response
prior to the time that the competitive solicitation is opened. Any alteration or correction to
a response must be in writing and signed or approved electronically, by an authorized
representative of the firm who signed the original response.

3. The purchasing director, or a designee, will permit the withdrawal of a
competitive solicitation response for good cause if requested in writing within seventy-two
(72) hours of the competitive solicitation opening and prior to final award of the purchase
order being issued. Good cause shall include illegality, impossibility of performance, or a
clear and inadvertent error in the response preparation, but shall not include a responder’s
lack of profitability or financial loss resulting from the competitive solicitation. Neither
modification nor withdrawal will be permitted at any time if the result of such action is
prejudicial to the fairness of the competitive procurement process or a monetary or
educational interest of the University.

(d) Competitive Solicitation Evaluation. Responses to a competitive solicitation
shall be evaluated based on the requirements set forth in the competitive solicitation. The
requirements of the competitive solicitation include but are not limited to criteria such as
price, inspection, samples, quality, testing, workmanship, convenience, experience, delivery
and suitability for a particular purpose. Those criteria that affect the price shall be
objectively measured to the extent practicable. In cases where more than one commodity or contractual service is listed on a response to a competitive solicitation, the University is not required to consider all alternates or options, nor do they have to be considered in sequence.

(e) Right to Reject Competitive Solicitation Responses and Waive Minor Irregularities. The University reserves the right to reject any and all responses to a competitive solicitation. The University also reserves the right to waive minor irregularities in an otherwise valid response. A minor irregularity is a variation from the competitive solicitation terms and conditions, which does not affect the price offered, or give the responder an advantage or benefit not enjoyed by other responders or does not adversely impact the business or educational interests of the University. The University shall correct mistakes clearly evident on the face of a response, such as an error in arithmetic or extension of pricing. In the case of extension errors, the unit price shall prevail.

(f) Receipt of Fewer Than Two Responsive Offers Only One or No Responses to a Competitive Solicitation. When fewer than two only one responsive offers are received or no response is received in response to a competitive solicitation exceeding the competitive solicitation threshold limit, the purchasing director, or a designee, shall review the circumstances surrounding the solicitation to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second competitive solicitation is not in the best interests of the University, would not serve a useful purpose, the University may proceed with the acquisition based on the one responsive offer received or may proceed to negotiate with any other possible source including the respondor who submitted the only responsive offer.
(g) When multiple responses to a competitive solicitation are received that are equal in all respects, the University shall give preference to responses that include commodities manufactured in the state, Florida businesses, businesses with a drug-free workplace program, or foreign manufacturers located in the state to determine the contract award. If none of these conditions exist and two or more responses are equal in every respect, the University will use a toss of a coin to select the successful response.

(h) Purchases from Contractors Convicted of Public Entity Crimes. The University shall not accept a competitive solicitation from, or purchase commodities or contractual services from, a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida’s convicted vendor list for a period of 36 months from the date of being added to the convicted vendor list.

(i) Competitive Solicitation Notice of Award. After evaluating the responses to a competitive solicitation, the purchasing director, or a designee, shall make a determination as to the successful response based on the method of award contained in the competitive solicitation. A notice of award shall be posted electronically by posting a Competitive Solicitation Tabulation Sheet, or other appropriate document, on the purchasing department Web Site of the purchasing department that issued the competitive solicitation, on the date and time listed in the competitive solicitation or as soon as reasonably possible after the responses are evaluated. The Competitive Solicitation Tabulation Sheet shall contain the competitive solicitation name, the name of each responder including those whose responses were rejected, the dollar amount(s) of each response or the number of points awarded, the date and hour that it was posted and the date and hour that the posting period ends. The Notice of Award Web Site shall be maintained by each department with delegated
purchasing responsibility, the purchasing department and shall be available for public inspection at all times during regular University business hours. Any person who is adversely affected by the University’s decision or intended decision regarding a competitive solicitation shall file in writing a protest which shall be received in the appropriate purchasing department responsible for issuing the competitive solicitation before the end of the 72 hour posting period shown on the Notice of Award, or within 72 hours after the protestant received actual notice by other delivery of the decision, whichever occurs first. The 72 hour period excludes the hours involved in weekends and University holidays. Weekends are deemed to begin at 5 PM on Friday and end at 8 AM on Monday. Holidays are deemed to begin at 5 PM at the end of a regular workday or 8 AM after a Sunday and end at 8 AM on the next regular University workday. A Request for Quotation secured from contractors listed as suppliers on state contracts in order to achieve economies of scale, regardless of their total price, are not a decision subject to BOG Regulation 18.002. Posting of the proposed Notice of Award does not establish a contract between the University and the proposed supplier.

(j) In accordance with s. 119.07(3)(m), F.S., public review of responses to a competitive solicitation may be denied until the notice of a decision is posted or within 10 days after the competitive solicitation is opened, whichever occurs first.

(k) In accordance with s. 119.071(1)(b)1., F.S., if the University rejects all bids or proposals submitted in response to an invitation to bid or request for proposals and the University concurrently provides notice of its intent to reissue the invitation to bid or request for proposals, the rejected bids or proposals remain exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the University provides notice of a decision.
or intended decision pursuant to s. BOG Regulation 18.002 concerning the reissued invitation to bid or request for proposals or until the University withdraws the reissued invitation to bid or request for proposals.

—— (l) In accordance with 119.071(1)2.a., F.S., a competitive sealed reply in response to an invitation to negotiate, as defined in 6CR-2.015 is exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the University provides notice of a decision or intended decision pursuant to BOR Regulation 18.002 or until 20 days after the final competitive sealed replies are all opened, whichever occurs earlier.

—— (m) In accordance with 119.071(1)2.b., if the University rejects all competitive sealed replies in response to an invitation to negotiate and concurrently provides notice of its intent to reissue the invitation to negotiate and reissues the invitation to negotiate within 90 days after the notice of intent to reissue the invitation to negotiate, the rejected replies remain exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the University provides notice of a decision or intended decision pursuant BOR Regulation 18.002 concerning the reissued invitation to negotiate or until the University withdraws the reissued invitation to negotiate. A competitive sealed reply is not exempt for longer than 12 months after the initial University notice rejecting all replies.

(j) (n) The following shall apply to every solicitation for the procurement of commodities or contractual services: shall include the following provision: "Respondents to this solicitation or persons acting on their behalf shall not contact any employee or officer of the Florida State University Board of Trustees, a University Direct Support Organization, or The Florida State University concerning any aspect of this solicitation, except in writing to the Chief Procurement Officer or as provided in this solicitation document, from the date of
release of this solicitation through the end of the 72-hour period following the University’s posting of the notice of intended award, in accordance with BOG Regulation 18.002. Violation of this provision may be grounds for rejecting a response."

(8) Competitive Solicitation Registration: Registration of Business. It is not necessary for a person or individuals and businesses shall register with the University’s Purchasing Services department to receive competitive solicitations, a contract or a purchase order from the Central purchasing department. The University does not guarantee that a business will receive notice of a competitive solicitation for a particular commodity or contractual service for which they have registered as a supplier. Due to the critical nature of the procurement, emergency purchases do not require that the action be posted in the Notice of Award Web Site for 72 hours. which may be adjudged against the contractor filing the protest action. In lieu of a bond, the
University will accept a cashier's check or money order in the amount of the bond. Failure of
the protesting contractor to file the required bond, cashier's check or money order at the time
of filing the formal protest shall result in the denial of the protest.

(14) Contract Formation.
(a) Contracts for the purchase of commodities or contractual services or licenses shall consist of a purchase order or a purchase order and bilateral agreement signed by the President of the University, or a designee who has been granted power of attorney through the University President, prior to the goods or services being ordered, contracted for, or rendered by the contractor.

(g) The total value of the contract shall be the purchase price for the initial term plus all renewal costs.

(15) Authority to Suspend or Debar a Business. The Chief Procurement Officer shall remove a business from the University’s authorized vendor or competitive solicitation list and reject all responses offered by that business in the event the business’s performance through acts of omission or commission results in any of the following grounds, when it is determined to be in the best interest of the University, including but not limited to:

the commodity or service from another source, which will obligate the vendor to pay all reprocurement costs and costs for cover.

(b) Unless the vendor corrects its failure to perform within the time provided, or unless the University determines based on its own investigation that the vendor’s failure is legally excusable, the vendor shall be found in default and issued a second notice stating the reasons the vendor is considered in default and stating that the University has reprocured the commodity or service and the amount of the procurement and the cover cost. The University shall also advise the defaulting vendor that the firm has been removed from the vendor and competitive procurement lists pursuant to this rule and will not be eligible to submit a competitive solicitation or be awarded a contract until such time as the University is reimbursed for all re-procurement costs and for costs of cover. Within ten (10) consecutive calendar days after the notice of protest is filed, the protestant shall file a formal written protest in both the Office of the University President and in the department to which the notice of intent to protest was filed, which shall state with particularity the facts, and law upon which the notice of protest is based. In the event the presiding officer finds that a dispute exists with respect to a fact deemed material to determine the
protest, as to which there has been no stipulation, the decision shall also give notice to the protestant of his right to petition for a formal proceeding pursuant to s. 120.57(3), Florida Statutes, within ten (10) working days of the date upon which the decision is issued to him.

8. The President, or a designee, shall issue the final order.
