Out of State Fees (Per Year)

Out of State Fee	32,905.90
Out of State Student Financial Aid Fee	1,645.29

College of Medicine Notes:

Out of State Fees are assessed per year to Out of State Students in addition to all In State tuition and fees.

The academic year for the College of Medicine consists of the Summer then Fall then Spring Semesters (differing from the Fall start for the rest of the University).

The tuition and fees set forth above apply to the applicable year beginning with the Summer Semester through the Spring Semester. Tuition increases for the rest of the university are always effective beginning the Fall Semester and not set until after assessment for the College of Medicine has begun. Therefore, the amount billed for Summer Semester will be one-third of the yearly rate set for the general university academic year in which the Summer Semester falls. The amount billed for remaining Fall and Spring Semesters of that year will be adjusted to achieve the stated total for these three Semesters based on the yearly rate applicable to the Fall and Spring Semesters.

Financial Aid Fees are based upon a percentage of assessed tuition.

The Capital Improvement Trust Fund Fee is established based on 40 credit hours per year. Local fees (Athletics, A&S, and Health) are assessed based on 36 credit hours per year.

The Student Facilities Use Fee is \$20/semester plus \$2.00 per credit hour per semester. It is only assessed the first two years as COM students are studying completely off campus the second two years.

The Transportation Access Fee, Technology Fee and Green Fee are calculated per credit hour based on actual hours enrolled.

Any student approved to attend fewer than six credit hours in a Semester will be pay the tuition and fees at the rate charged a Resident Graduate Student for the actual number of credit hours; any student taking six or more hours will pay the full rate as provided herein for tuition and fees.

~~Because of the variances explained below, the actual amount charged a particular student may vary based upon actual credit hours since a few fees are not charged as block fees. Also, for Medical students, some years the program may include more than two semesters which may overlap academic years.~~

~~When the FSU College of Medicine was established, the Tuition, Building, Capital Improvement, & Financial Aid Fees were established based on 40 credit hours per block year and have not changed.~~

~~Local fees (Athletics, A&S, Health) are estimated at 36 credit hours per block year, but assessed on actual hours and semesters enrolled.~~

~~Transportation Access, Student Facilities Use Fee and Technology Fees are assessed on a per credit hour basis in which the students are actually enrolled for each semester, and not at block rates. The SFUF is \$20/semester plus \$2.00 per credit hour per semester. It is only assessed the first two years, because the students are studying off campus the second two years.~~

~~The part time, per credit hour rate each semester is calculated based on 12 credit hours per semester.~~
