Proposed New Regulation

FSU- 3.0045 Involuntary Medical Withdrawal.

(1) Students are considered adults when attending the University, and students have a responsibility to not cause harm to themselves or others and to participate in University life safely. A student whose conduct, actions, or statements pose a significant danger of serious harm to the health or safety of themselves or others at the University may be subject to involuntarily withdrawal from the University by the Dean of Students or designee. Such action will be taken only after an individualized assessment of the student and his or her conduct and consultation with appropriate colleagues (or designee) including but not limited to: Director of the Student Health Care Center, Director of the University Counseling Center, Office of the General Counsel and Chief of Police. Involuntary withdrawal of a student is intended as a last resort, when all other options have been considered and are inapplicable, incompatible, or ineffective. Nothing in this policy shall, nor is intended to, override or interfere with a student’s right to reasonable accommodations under the Americans with Disabilities Act. The University restates here its commitment to providing reasonable accommodations for students with disabilities.

(2) A student subject to involuntary withdrawal shall be afforded written notice of the University’s intended decision to seek an involuntary withdrawal stating the reasons for the action and the opportunity to provide a response to the notice for consideration by the Vice President for Student Affairs or designee within ten (10) days of the notice.

(3) Should circumstances warrant, a student may be subject to an immediate temporary withdrawal, pending a further determination. A student subject to an immediate temporary withdrawal shall be provided notice of such withdrawal stating the reasons and an opportunity to respond to the Dean of Students or designee as soon as reasonably possible after such withdrawal. After so responding, the temporary withdrawal may be rescinded, modified, or allowed to stand pending further determination. Notice of this decision shall be given to the student.
(4) Failure of a student to take the opportunity to respond at the time and in the manner provided by the University shall not affect the validity of or delay any decision made under this Regulation.

(5) A student subject to involuntary withdrawal may receive a refund of tuition and fees.

(6) A student subject to involuntarily withdrawal shall have a hold placed on his or her records and enrollment, and the University may impose conditions for readmission, including but not limited to one or more of the following:

   (a) Requiring the student to provide the Dean of Students or designee a complete written assessment (using the form provided by the University) from student’s treating physician or independent licensed psychiatrist or other licensed mental health provider that the student is ready and able to safely return to his or her educational pursuits;

   (b) When necessary, a determination from an outside independent licensed psychiatrist or other licensed mental health provider retained by the University and at the cost of the student, that the student is ready and able to safely return to the University;

   (c) A written agreement from the student to attend and participate in any treatment/programs/meetings to the extent recommended by student’s treating physician or licensed mental health provider and/or an independent licensed psychiatrist or other licensed mental health provider retained by the University; and/or

   (d) A determination by a University official or officials, made after consultation with appropriate personnel, that student has met conditions for readmission and that the University has appropriate resources to support and meet any ongoing needs of the student.
