Title of Policy: HOMELESS STUDENT TUITION AND FEE WAIVER  
Responsible Executive: Vice President for Student Affairs  
Effective Date: On Final Adoption  
Revision History: New

### **I. INTRODUCTION**

The Florida Homeless Tuition Waiver is available to a student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals intended to be institutionalized, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

A multi-disciplined committee is established to review applications at the beginning of each term. The committee is comprised of individuals from: the Dean of Students Department, CARE, Financial Aid, Student Business Services. Each individual identified on the committee, will also have a proxy who has the authority of the designated area, to approve/deny an application in the event that a member is unavailable. This is to ensure a swift process for students experiencing homelessness. The Dean of Students Department coordinates the process for determining a student's eligibility for the waiver. Student Business Services collects documentation from University entities to support students' eligibility and to process the waivers. Student Financial Aid provides information to the committee pertaining to the impact of the waiver on the students' overall financial aid package. CARE provides connection to and information regarding students currently involved in the process. The Purpose of the committee is to review applications and to determine if the student meets the Homeless waiver criteria that is set forth by BOG regulation: 7.008(3 (i). The committee will proceed under the procedures in Appendix A.
