1) General Provisions and Hearing Procedures
   a) Preface
      The Student Organization Conduct Code (further referred to as “The Code”) emphasizes Florida State University’s (further referred to as “University”) commitment to a campus community which exercises the responsible engagement of student freedoms, is a guiding document at Florida State University which emphasizes the University’s commitment to a campus community which exercises the responsible engagement of
The pursuit of responsible freedom is consistent with the tenets of the Seminole Creed and the purpose of Uphold the Garnet and Goldefforts to promote civility at the University, as students balance their pursuit of excellence and exploration with consideration to the impact of behavior on themselves and others.

Engagement in Student life at Florida State University includes a “voluntary association of scholars who demand and deserve a positive – and special – living/learning environment, as well as a special approach for enforcing the academic community’s standards” (Stoner & Lowery, 2004, p. 5). As such, student conduct at Florida State University embraces the University’s commitment to an educational experience that provides students with an understanding of the complex moral issues inherent in human life and develop “the knowledge and skills for effective and responsible participation in the world.” The Code reemphasizes the dignity and worth of each person and substantiates the need for an inclusive environment to support the betterment of all persons in association with the Florida State University community. “The University is a compassionate community. In its treatment of students, it recognizes the wisdom both of letting students experience the consequences of their actions and of providing the opportunity to learn and grow in ways that can overcome past difficulties” (Florida State University, 2016).

The University fully recognizes the right of all students to seek knowledge, debate ideas, form opinions, and freely express and discuss their ideas in accordance with the expectations set forth in this Code is fully recognized by Florida State University. This Code applies to student conduct and will not be used to impose discipline for the lawful expression of ideas. Specific restrictions on expectations regarding time and place of meetings and assemblies are found in Oglesby Union and other University rules, regulations, or policies. The student conduct process is designed to be educational in nature and promotes the University’s mission. Being a member of the University Community is a privilege, and the conduct process will determine if a student’s conduct warrants they should no longer share in that privilege.

e) **Group Responsibility**

Any student organization or student group can be held responsible for its actions or the actions of those affiliated with the organization, including but not limited to: one or more of its members (active or inactive), former members, alumni, guests, contractors, and agents. Every student organization or student group has the duty to take all reasonable steps to prevent violations of University regulations and state laws growing out of or related to the activities of the organization. To this end, each organization is expected to educate its members regarding their risk management policy and all applicable University policies and state laws.

1. In determining whether a student organization or student group may be held collectively responsible for the individual actions of its members, guests, contractors, and/or agents, all of the available factors and circumstances surrounding the specific incident will be reviewed and evaluated. There is no minimum number of student organization or student group members who must be involved in an incident to determine group responsibility. A student organization or student group may be subject to discipline for activities not sponsored by the student organization or student group where the majority of the persons present or responsible for the activity are members or guests of members of the student organization or student group.

2. Misconduct on the part of the student organization or student group may be addressed when one or more of the following factors exist:
   a. Members of the student organization or student group (active or inactive), alumni, former members, agents, contractors, or guests act together to violate the Student Conduct Code or Student Organization Conduct Code;

f) **Violations**

Each student organization or student group is expected to abide by these rules of conduct and to be accountable for their behavior. All animals are considered an extension of a student or person responsible for their care; therefore, animals must adhere to the expectations set forth in this Student Organization Conduct Code. Lack of familiarity with the Student Organization Conduct Code is not a justification to any violations of this Code. Unless specifically noted, intent is not a required element to establish a Student Organization Conduct Code violation. Intoxication or impairment from alcohol, drugs, or other substances is not a justification to a violation of this Code. These rules of conduct should be read broadly and are not designed to define prohibited conduct in exhaustive terms.

The following behaviors, or the aiding, abetting, conspiring, soliciting, or inciting of, or attempt to commit these behaviors, constitute violations of the Student Organization Conduct Code.

There must be a clear and willing participation, through words or actions, for each sexual act. Submission to sexual activity that is the result of force, coercion, or threats is not valid consent.

   i. Consent to one type of sexual activity does not imply consent to other types of sexual contact. There must be consent at every stage of the sexual encounter.

   ii. Past consent to sexual activity does not imply consent to future sexual activity.

   iii. Consent can be withdrawn at any time, including in the middle of a sexual encounter, if the withdrawal of consent is clearly indicated by words or actions.

   Individuals who are incapacitated by voluntary or involuntary alcohol or drug use (legal, illegal, or prescription); asleep; unconscious; mentally impaired by disease or illness; or under 18 years old cannot give consent (no matter what they say or do). "Incapacitation" is a state where a person cannot make a rational decision because the person lacks the ability to understand the nature of the act. **In order to give effective consent, one must be of legal age in the location of the sexual contact.**

g) Due Process Rights

Student organizations and student groups at Florida State University are afforded due process rights throughout the student organization conduct process. Any and all rights afforded to a responding party student organization or student group during any student organization conduct action will also be afforded to a reporting party individual(s) as appropriate.

The two (2) fundamental due process rights are:
1. Notice: Responding parties student organizations or student groups will be given written notice of the Student Organization Conduct Code charge(s) and the allegations upon which the charge(s) is/are based.
2. Hearing: Responding student organizations or student groups will be given an opportunity to present information, including witness testimony and/or statements, during a fair and impartial hearing.

As participants in a student conduct action, reporting individuals and responding student organizations and student groups have the right to:
1. Present information on their behalf.
2. Be accompanied by an advisor.
3. Submit questions for witnesses.
4. Have hearing decisions communicated in writing.
5. Request reasonable accommodations from the office adjudicating their student organization or student group conduct case. Accommodation requests must be made three (3) business days in advance of the scheduled hearing.

These rights will be executed in a fair and impartial manner with respect to all parties reporting individuals and responding student organizations or student groups involved in a student organization conduct action.

A more complete description of the procedures utilized to implement these rights is found in Section G “Procedures.”
h) Procedures

The Office of Student Rights and Responsibilities is charged with implementing the Student Conduct Code in ways that are congruent with the FSU “Statement on Values and Moral Standards” and with all applicable laws and regulations. The procedures implemented by these offices will be consistent with all appropriate due process rights accorded to student organizations in University student organization conduct proceedings. Procedures outlined below will be consistent with all appropriate due process rights afforded to student organizations or student groups in University student organization conduct proceedings. Student conduct action may proceed prior to, simultaneously with, or following criminal or civil proceedings at the discretion of the Student Conduct Authority (or designee). Decisions made within a criminal or civil process do not bind the University to establish or not establish that a violation of University policy has occurred, as there are different evidence rules, burdens of proof, and potential outcomes in each process.

1. Charges

Initiation of Student Conduct Action

A review of information for possible charges may be initiated through the following ways:

a. Any report submitted through a secure University reporting function.

a.b. Filling Receipt of a police report with the FSU Police Department, Tallahassee Police Department, Leon County Sheriff’s Office, or requesting that a report from another law enforcement agency be sent to the FSU Police Department.

b.c. Providing Receipt of a signed statement to the Office of Student Rights and Responsibilities or University Housing or providing a statement through a secure University reporting function. All information will then be reviewed by an appropriate Student Conduct Authority to determine whether Student Conduct Code charges will be filed or if alternative action, including mediation, is appropriate. When practicable, reports should be submitted to the appropriate Student Conduct Authority in a timely manner.

c. All information received related to recognized student organizations affiliated with one of the four governing Greek councils (i.e., Interfraternity Council, Multicultural Greek Council, National Pan-Hellenic Council, Panhellenic Association) and representatives from the Office of Fraternity & Sorority Life and the Office of Student Rights & Responsibilities. This group recommends to the Director for the Office of Student Rights & Responsibilities as to whether formal Code charges will be filed or if alternative action, including mediation, is appropriate. When practical, reports should be submitted to the appropriate Student Conduct Authority in a timely manner.

d. If a case involving alleged sexual misconduct is reported to a Student Conduct Authority, said authority has an obligation to report this matter to the appropriate Title IX authority, in adherence with the University’s Sex Discrimination and Sexual Misconduct Policy. A Title IX investigation of the
matter must occur, with a recommendation to review for possible student conduct charges, before any Student Conduct Authority (or designee) can review said matter.

d. All information will be reviewed by an appropriate Student Conduct Authority (or designee) to determine appropriate next steps. These steps include, but are not limited to, informal resolutions, educational conversations, and student organization or student group conduct action. The University may choose to take no action on submitted information as deemed appropriate. Formal Student Conduct Code charges may be filed at the completion of all law enforcement and relevant University investigations or as soon as practicable, even if a law enforcement investigation or criminal proceeding is ongoing.

2. Notice

Absent exigent circumstances, the Student Conduct Authority (or designee) will notify a responding student organization or student group organization or student group of an alleged student organization conduct code violation(s) within five (5) business days after receiving all appropriate information. Notice is considered given to a student organization or student group if it is sent to the student organization or student group’s representative’s official university email address, is hand delivered to the representative, or is mailed to the local address on file with the Office of the University Registrar or to the permanent address if a local address had not been provided. The written notice given to any charged student organization or student group will include:

a. Sufficient detail to prepare a response (including source of information), description of the alleged violation(s), and specific alleged Student Organization Conduct Code charges(s).

b. An invitation to attend The date, time, and location of an information session, during which the student organization or student group’s rights may view all materials related to the case, receive instruction regarding the student organization conduct process and the student organization or student group’s rights, and confirm the forum in which the case will be heard. Type of resolution process to be utilized.

c. Notice of a formal hearing will occur at least five (5) business days prior to the hearing of the case. Informal hearings will be scheduled at the convenience of the responding party-student organization or student group and the hearing body.

d. Parent(s) of any student under the age of eighteen (18) at the time of the alleged violation(s) may also be notified of pending charges-alleged violation(s).

e. The Office of Student Rights and Responsibilities working in conjunction with appropriate University offices and/or organization advisors may place restrictions on the student organization or student group if the representative fails to address the Student Organization Conduct Code charges in a timely manner.
f. **The Student** contact information on file with the Student Activities Center, the Office of the University Registrar, and/or relevant University offices will be used for all notices sent to the student organization regarding the conduct process; student organization or student group conduct notices sent. The University considers students’ University email account to be the official electronic method of communication.

3. **Hearing Bodies and Authorities**

Any specific procedures used by the hearing bodies will comply with the requirements of the Code. The range of available hearing bodies may differ on branch campuses or International Program locations. The information below pertains to the hearing bodies available for student organization or student group conduct hearings and their authority in a student conduct action.

a. The Director of Student Rights and Responsibilities (and designee(s)) may conduct both informal and formal hearings with regards to alleged violation(s) of the Student Organization Conduct Code.

b. A University official may be designated by the Student Conduct Authority (or designee) to conduct informal or formal student organization or student group conduct cases as a single administrator or as a member of an Administrative Hearing Panel for student organization or student group.

c. A hearing officer designated by the Dean of Students may conduct both informal and formal hearings.

d. The Dean of Students and Associate Deans of Students may conduct both informal and formal hearings.

e. A student organization or student group’s conduct hearing may be heard by a single-administrator when it is determined by the circumstances to be in the best interest of the University. The Student Conduct Board may conduct formal hearings on student organization cases. Panels are composed of five (5) Student Conduct Board members selected by the Office of Student Rights and Responsibilities or designee. In times of limited student availability or when conflicts are identified, hearings may proceed with less than five (5), but not less than three (3), Student Conduct Board members. The Director of Student Rights & Responsibilities will designate appropriate staff to serve as advisors to the Student Conduct Board.

f. An Administrative Hearing Panel may conduct formal hearings on student organization or student group conduct cases. Panels are composed of two (2) faculty or staff members, both designated by the Dean of Students (or designee), and three (3) Student Conduct Board members. The administrative hearing panel will be chaired by one (1) of the student conduct board members. For student organization or student group conduct cases involving an organization affiliated with the Office of Fraternity and Sorority Life, the Student Conduct Board panel members must be active members of an organization affiliated with the Office of Fraternity and Sorority Life. In times of limited student availability or when conflicts are identified, panels may proceed with
two (2) Student Conduct Board members, one of whom will serve as the Administrative Hearing Panel chair, with approval from the Student Conduct Authority (or designee) and consent of the responding student organization or student group and reporting individual(s) (if applicable). The Student Conduct Authority (or designee) will serve as an advisor to the administrative hearing panel. Panels are composed of one (1) faculty member, one (1) staff member, both designated by the Dean of Students (or designee), and two (2) Student Conduct Board members. In times of limited student availability, panels may proceed with one (1) Student Conduct board member, with approval from the Office of Student Rights and Responsibilities and consent of the responding party and reporting party (if any). The Director of Student Rights & Responsibilities (or designee) will serve as an advisor to the administrative hearing panel.

Greek Conduct Boards may conduct formal hearings involving Student Organization Conduct Code charges against registered student organizations affiliated with one of four governing Greek councils at Florida State University. Greek Conduct Boards are composed of five (5) members selected by the Office of Student Rights & Responsibilities. In times of limited student availability or when conflicts are identified, hearings may proceed with less than five (5), but not less than three (3) Greek Conduct Board members.

4. Case Resolution Options

A responding student organization or student group may request both the hearing type and/or the hearing body to adjudicate their case subject to the restrictions stated in Section 3 above. Further restrictions to that choice include:

a. When it is determined a case requires a formal proceeding, a formal hearing may be pre-selected by the Student Conduct Authority (or designee).

b. When two (2) or more student organization or student group cases stem from the same incident, those cases should typically be heard by the same hearing body, but can be heard separately as deemed appropriate. In such cases, the Student Conduct Authority (or designee) may either pre-select the hearing type and/or hearing body and/or consult with the student organization or student group involved before making the decision.

c. When a student organization or student group has two (2) or more outstanding incidents, those incidents can be heard as a single case.

d. The Student Conduct Authority (or designee) will make the final determination of the hearing type and/or hearing body.

e. The Student Conduct Authority (or designee) may choose to select the appropriate hearing type and/or hearing body for other administrative or case-related reasons.

f. As appropriate, the Student Conduct Authority (or designee) may select an appropriate alternative resolution.

4.5. Types of Hearings
Two (2) distinct types of hearings are provided for by the Code. Informal hearings are held when cases involve few or no disputed questions of fact and possible sanctions do not include separation from the University. Formal hearings are held when cases involve disputed substantial and relevant information or serious alleged violations of the Code that could lead to an outcome for the responding student group or student organization including, but not limited to, loss of recognition or being separated from the University questions of fact or serious alleged violations of the Code (i.e., violations that could lead to separation of the charged student from the University).

a. In addition, Formal Hearings:
   i. Require the hearing body to call appropriate witnesses or obtain witness statements, reports, or other information in support of the charges alleged violation(s).
   ii. Will be held no sooner than five (5) business days after notice is received by the responding party student organization or student group. The student organization or student group may submit a written request to hold the hearing before the five (5) business days. The request will be considered and acted upon by the Office of Student Rights and Responsibilities appropriate Student Conduct Authority (or designee).
   iii. Will be audio recorded. This recording will serve as the official record of the proceedings. All reasonable attempts will be made to audio record the hearing. This recording will serve as the official record of the proceedings and acts as the sole recording. Any recording conducted without the express knowledge and permission of participants could possibly result in further action, including, but not limited to, student conduct action.
   iv. A formal decision letter will be sent to the student within ten (10) business days from the conclusion of the hearing. This time limit may be extended if additional consideration of evidence and deliberation is required.
   v. The following order of presentation is recommended for use in formal hearings. The hearing body may change the order if deemed appropriate.
      A. Presentation of formal charges.
      B. Opening statement by the University.
      C. Opening statement by the reporting party individual(s), if applicable. This party may waive the right to provide an opening statement.
      D. Opening Statement by the responding party student organization or student group. This party may waive the right to provide an opening statement.
      E. Presentation of information and witnesses by the reporting party individual(s), if applicable. The reporting party individual(s) may open with questions to their witnesses or any non-party witnesses, followed by the University, and then the responding party student organization or student group submitting questions to the hearing body for the reporting individual(s). Witnesses are dismissed when all related parties (i.e., reporting party individual(s), the University, and responding party student organization
or student group) have exhausted all questions. The University may choose to limit repetitive or completely irrelevant questioning.

F. Presentation of information and witnesses by the University. The University will open with questions, followed by the reporting partyindividual(s), and then the responding partystudent organization or student group. Witnesses are dismissed when all related parties (i.e., University, reporting partyindividual(s), and responding partystudent organization or student group) have exhausted all questions. The University may choose to limit repetitive or completely irrelevant questioning.

G. Presentation of information and witnesses by the responding partystudent organization or student group, if applicable. The responding Party student organization and student group may open with questions to their witnesses, followed by the University, and then the reporting partyindividual(s) submitting questions to the hearing body for the responding student organization or student group. Witnesses are dismissed when all related parties (i.e., responding partystudent organization or student group, University, and reporting partyindividual(s)) have exhausted all questions. The University may choose to limit repetitive or completely irrelevant questioning.

H. Questions directed to the responding party-student organization or student group by the hearing body followed by the reporting partyindividual(s) submitting questions to the hearing body for the responding student organization or student group, if applicable. The University may choose to limit repetitive or completely irrelevant questioning.

I. Closing statement by the University, followed by the closing statement of the reporting partyindividual(s) and the responding partystudent organization or student group. Either party may waive the right to provide a closing statement.

——A formal decision letter will be sent to the student organization or student group within ten (10) business days from the conclusion of the hearing. This time limit may be extended if additional consideration of evidence and deliberation is required.

v. Informal hearings are held when cases involve little or no disputed substantial and relevant information and possible outcomes for the responding student organization or student group do not include loss of recognition or being separated from the University involve few or no disputed questions of fact and possible sanctions do not include separation from the University.

b. Other considerations for Informal hearings:

±i. The University does not automatically call witnesses to support the charges, although the hearing body may gather any additional information needed, including calling witnesses. The responding party-student organization or student group will be informed of any additional
information gathered by the hearing body. The responding party-student organization or student group may call witnesses and present evidence.

Hearings are scheduled at the convenience of both the responding party-student organization or student group and the hearing body.

ii. In cases of a first-time violation, a Student Conduct Authority (or designee) can approve for a responding party to resolve their student conduct case through an Informal Hearing Case Resolution. This option allows a responding party to accept responsibility and agree to assigned sanctions from an informal hearing officer.

--- Before signing an Informal Hearing Case Resolution form, a responding party will be afforded no more than five (5) business days to consider their options.

--- Option 1—Sign an Informal Hearing Case Resolution form. This action constitutes the responding party accepting responsibility for the alleged behavior and agreeing to the assigned sanctions. Signing this document will constitute final action.

--- Option 2—A responding party may choose to Petition Sanctions. The responding party must write a letter to the appropriate Student Conduct Authority (e.g., Director of Student Rights & Responsibilities) to demonstrate why a change in sanctions is warranted. This option still requires the student to accept responsibility for the alleged action.

--- Option 3—The responding party may choose to move forward with selection a hearing body and hearing type that is approved by the appropriate Student Conduct Authority.

This option is not available in matters that involve a reporting party or the possibility of suspension, dismissal, or expulsion as sanctions.

vii. Brief written decisions (including findings of fact) will serve as records of informal hearings and will be communicated within ten (10) business days of the hearing body’s final meeting with the responding student organization or student group. This time limit may be extended if additional consideration of evidence and deliberations are required.

5.6. Hearing Procedures

Hearings will follow these guidelines:

a. Hearings are scheduled at the earliest availability of the responding student organization or student group and the hearing body. Student availability is determined based on academic requirements as appropriate.

b. All hearings will use a reasonable person standard when assessing whether the information presented constitutes a preponderance of the information. This means the totality of the available information substantiates it is more likely than not the alleged violation(s) occurred.

b.c. Unrelated-Irrelevant past behavior of the responding party-student organization or student group will be excluded from the hearing. The hearing body or Student
Conduct Authority (or designee) will decide if such information is unrelated irrelevant.

c.d. In instances of alleged sexual misconduct, past sexual history of the reporting party individual(s) and responding party student organization or student group is not relevant, unless deemed essential by the hearing body to protect fundamental due process.

d.e. A responding party student organization or student group and reporting party individual(s) will have the opportunity to present evidence on their behalf, including presenting witnesses, if available, and / or signed, written statements from witnesses, and other documentary information. Witness testimony is not required Written witness statements are strongly discouraged but may be accepted at the discretion of the hearing body who will determine what, if any, weight should be given to the written statement. If accepted, written statements will not be used as the sole deciding factor as to whether the responding student organization or student group is responsible or not responsible for a violation of the Code. Witness testimony is not required and the inability of the responding party or reporting party to question a witness who has provided a written statement is not a violation of the due process rights of either party, as both parties have the opportunity to review and respond to the written statement and may offer evidence to rebut the witness statement and other evidence presented at the hearing. Witness statements are entitled to be given the same weight by the hearing body as live witness testimony. Witness statements need not be sworn or in affidavit form.

e.f. Prior to the start of a hearing, a responding party student(s) or reporting party individual(s) may submit a challenge regarding the perceived impartiality of any member of a hearing body to an appropriate Student Conduct Authority (or designee). Decisions on challenges made by that Student Conduct Authority (or designee) shall be final and not subject to appeal. All concerns of perceived impartiality will be noted in the case record to the impartiality of any member of a hearing body to the relevant Student Conduct Authority or the hearing body. Decisions on challenges shall be final and not subject to appeal.

f.g. The responding party student organization or student group, reporting party individual(s), and any witnesses may be accompanied during the hearing by an advisor. According to FSU Regulation FSU-3.006, the University Defender may serve as an advisor. Students are required to address the hearing body in person, on their own behalf, although they may consult with their advisor during the hearing. This consultation must take place in a manner that does not disrupt the proceedings. The advisor shall not speak on behalf of the student organization or student group unless expressly authorized to do so by the hearing body. The responding party student organization or student group, reporting party individual(s), and any witnesses shall provide the advisor’s name in writing to the Office of Student Rights and Responsibilities or University Housing Student Conduct Authority (or designee) two (2) business days prior to the hearing. The advisor may not serve as a witness.
g. A student or witness may choose not to answer any and all questions posed by a hearing body. However, protection from self-incrimination does not extend to student organizations or student groups.

h. The burden of proof at a first-level hearing always rests with the University. The standard of proof will be the preponderance of the information, meaning that the information, as a whole, shows that the information sought to be proved is more probable than not.

i. The formal rules of evidence do not apply to Code proceedings.

j. All hearings for student organizations or student groups will be public. There is no requirement to obtain a larger hearing room to accommodate members of the public who wish to attend the hearing, so long as one (1) member of the public may be present. Charges involving alleged sexual misconduct will not be heard in public without prior written consent of all involved parties (i.e., the reporting party and the responding party).

k. Appropriate witnesses will be called by the University to participate in all formal hearings (see below for a description of formal versus informal hearings). Those witnesses who appear may be cross-examined by all involved parties. If called witnesses do not appear, their written or taped statements may be considered by the hearing body. In some cases, student witnesses who fail to appear may be charged with a violation of the Student Conduct Code. Appropriate witnesses may also be called by the involved parties to all hearings, provided they are reasonably available and do not disrupt or delay the hearing. In the event a witness is not reasonably available or the witness’s presence may disrupt the hearing, a written statement from the witness may be substituted. Witness statements need not be sworn in affidavit form.

l. In certain cases, the responding party or reporting party requests to testify in a separate room will be considered. Considerations may include but is not limited to unduly compromising the responding student’s fundamental due process right to question any witness. The Student Conduct Authority (or designee) may accommodate concerns for the personal safety or well-being and/or fears of confrontation of the reporting individual(s), responding student organization or student group organization or student group representative, or witnesses during a hearing by providing separate spaces using a visual screen and/or by permitting participation via video phone, closed circuit television, video conferencing, or other means when deemed these accommodations are appropriate and do not infringe on the fair and equitable execution of the hearing process. Hearings may be held in the absence of responding student organizations or student groups, reporting individual(s), or witnesses if any party fails to appear after proper notice or fails to cooperate in the student organization conduct process.

m. In certain cases, a reporting individual(s) may be allowed to submit an impact statement to the appropriate Student Conduct Authority. The responding student organization or student group organization or student group may
request to view the impact statement. The request will be considered by the appropriate Student Conduct Authority (or designee) in consultation with the reporting individual(s). Impact statements may be submitted in written form.

m. Hearings may be held in the responding party’s or reporting party’s absence, if either party fails to appear after proper notice or fails to cooperate in the student conduct process.

n. In certain cases, a reporting party may be allowed to submit an impact statement to the appropriate Student Conduct Authority. The responding party may request to view the impact statement. The request will be considered by the appropriate Student Conduct Authority in consultation with the reporting party.

o. Prior records of Student Organization Conduct Code action and witness/reporting party-individual impact statements are considered by the hearing body only in the sanctioning-outcomes phase of deliberations.

p. The hearing body’s determination of “responsible” or “not responsible” will be based solely on the information presented at the hearing. However, when additional information that affects this determination is gathered outside the hearing, it may be used, provided it is shared with the responding party-student organization or student group and reporting party-individual(s) and both parties have an opportunity to respond to the information. In cases involving multiple student organizations or student groups charged, information provided at one hearing may be used as evidence in the related case(s).

q. To request the cancellation of a previously scheduled Formal Hearing, involved parties must submit a written statement to the Office of Student Rights and Responsibilities appropriate Student Conduct Authority (or designee) five (5) business days prior to the hearing date. At the discretion of the appropriate Student Conduct Authority Director of the Office of Student Rights and Responsibilities (or designee), the hearing may be rescheduled or conducted in the absence of the responding party-student organization or student group or reporting party-individual(s).

r. All first-level-recommended hearing decisions will be communicated in writing to the responding party-student organization or student group and reporting party individual(s) (if applicable) and will include the findings of fact, determination of responsibility, sanctions-outcomes (if applicable), and notice of appellate rights.

s. When a criminal conviction has been entered against a member or members of a student organization or student group for all or some of the conduct alleged to also violate this Code, the conduct that is the subject of the conviction is deemed established. The hearing body may limit the issues for consideration to whether student group or organization is responsible for the conduct and, if so, appropriate sanction(s).

6.7. Hearing Decisions
Decisions of all authorized hearing bodies constitute first-level student conduct action. Decisions of specific hearing bodies may require further review before constituting first-level student conduct hearing action.

a. Decisions of single administrators where suspension, dismissal, or expulsion are not assigned as an outcome are communicated in writing to the reporting individual(s) and responding student organization or student group organization or student group within ten (10) business days. This time period may be extended by the appropriate Student Conduct Authority (or designee) as deemed appropriate if single administrators constitute first-level student conduct action.

b. Decisions of all Student Conduct Board and Greek Conduct Board hearings are considered recommendations to the Director of Student Rights & Responsibilities or designee.

c. Decisions of Administrative Hearing panels are recommendations to an Associate Dean of Students or the designee of the Dean of Students (or designee).

d. All recommended student conduct decisions must be approved in writing by the Student Conduct Authority (or designee) and only then will be communicated to the student. The Student Conduct Authority (or designee) may adopt or amend the recommended decision, or order a new hearing. Recommended Student Organization Conduct Code decisions must be approved in writing by the appropriate authority or designee and only then will be communicated to the student. The appropriate authority may adopt or amend the recommended decision, or order a new hearing. Prior to amending or ordering a new hearing, the authority will confer with the appropriate hearing body.

e. All resolution of first-level student organization conduct hearings where suspension, dismissal, or expulsion are assigned as an outcome is a recommendation to the Dean of Students or designee. The Dean of Students or designee may affirm or modify that recommendation prior to decision notification. A sanction will be reviewed by the Dean of Students or designee prior to decision notification.

f. Hearing decisions regarding falsification of admission or readmission information may be forwarded to the appropriate office for review of the application and appropriate action regarding admission. Student organization conduct action is not appealed as provided herein, that decision becomes final agency action.

e. Appellate officers are listed in Section 3 “Appeals.” Appellate decisions are considered recommendations to the Vice President and become final agency action upon approval by the Vice President (or designee).
2) **Sanctions Outcomes**

a) **Philosophy and Approach**

Florida State University believes sanctions facilitate learning through the student organization conduct process by providing tools and resources to recognized student organizations and student groups in an effort for student organizations and student groups to make better decisions in the future. Hearing bodies are encouraged to consider educational sanctions outcomes which encourage critical thinking as well as sanctions outcomes that consider accountability for one’s actions and the safety and security of the University community.

The hearing body in each case will consider a student organization’s or student group’s prior conduct history, along with any aggravating and mitigating factors, in the assigning of appropriate educational outcomes. In light of the facts and circumstances of each case, the following sanctions outcomes, or combination of sanctions outcomes (with or without appropriate modifications) may be imposed assigned upon to any individual student organization or student group found to have violated the Student Organization Conduct Code. Certain sanctions outcomes may result in a financial cost to the student organization or student group. If a student organization or student group does not complete an outcome sanction by the required deadline, the Office of Student Rights and Responsibilities, working in conjunction with University offices and/or organization advisors may place restrictions on the student organization or student group. This includes but is not limited to a loss of recognition by the University until all sanctions outcomes are complete.

b) **List of Sanctions Outcomes**

The sanctions outcomes listed below are not intended to serve as an exhaustive list of all sanctions the University may be able to utilize regarding a given student organization conduct concern.

1. Reprimand (written or verbal).
2. Service Hours. Completion of tasks under the supervision of a University department or outside agency.
3. Educational Activities. Examples include, but are not limited to, attendance by members of the student organization or student group at educational programs, interviews with appropriate officials, planning and implementing programs, or other educational activities.
4. Restitution. Only in cases involving University property. Restitution must be submitted to the appropriate University department in a manner that is approved by that University department.
5. Probation and Suspension-Related Restrictions. As a condition of a sanctioned probation or suspension from the University, restrictions can be applied as well. Some of the restrictions that may be placed on the student organization or student group during the probationary period include, but are not limited to barring or limiting some or all of the student organization...
or student group’s activities and/or privileges (including but not limited to: social activities; intramural competition; organizational competition; Homecoming; eligibility to receive any University award or honorary recognition; privilege to occupy a position of leadership or responsibility in any University student organization governing body, publication, or activity; or ability to represent the University in an official capacity or position), entrance into University residence halls or other areas of campus, or contact with other specified person(s).

6. Conduct Probation. A period of time during which any further violations of the Student Organization Conduct Code may result in more serious sanctions outcomes being imposed. Some of the restrictions that may be placed on the student organization or student group during the probationary period include, but are not limited to: participation in student activities, representation of the University on athletic teams or in other leadership positions, entrance into the University residence halls or other areas of campus, or contact with other specified person(s).

7. Disciplinary Probation. A period of time during which any further violation of the Student Organization Conduct Code puts the student organization or student group’s status with the University in jeopardy. If the student organization or student group is found “responsible” for another violation of the Code during the period of Disciplinary Probation, serious consideration will be given to assigning an outcome or imposing a sanction of Suspension, Dismissal, or Expulsion from the University. Restrictions listed in Sanction #6 (listed above) can also be applied as a condition of Disciplinary Probation.

8. Suspension. Separation from the University for a specified period, not to exceed two (2) years. This may include restricted access to campus and/or other specified activities. Restrictions listed in Sanction #6 (listed above) can also be applied as a condition of Suspension. While a student organization or student group is suspended, it may not use University resources or participate as a student organization or student group in any University activities or events. Regaining recognition with related Oglesby Union offices (e.g., Student Activities Center) and/or governing Greek councils (if applicable) is possible but not guaranteed and will only be considered after the conclusion of the suspension period, based on meeting all recognition criteria as set by the aforementioned areas and obtaining clearance from the Office of Student Rights & Responsibilities/Student Conduct Authority (or designee).

9. Dismissal. Prohibition for any University student organization or student group recognition and all University activities for at least two (2) years and up to seven (7) years. Restrictions listed in Sanction #6 (listed above) can also be applied as a condition of Dismissal. Regaining recognition with related Oglesby Union offices (e.g., Student Activities Center) and/or governing Greek councils (if applicable) is possible but not guaranteed and will only be considered after the conclusion of the dismissal period, based on meeting all
recognition criteria as set by the aforementioned areas and obtaining clearance from the Office of Student Rights & Responsibilities Student Conduct Authority (or designee). No consideration will be given to recognizing a student organization or student group within the first two (2) years after a dismissal is imposed.  

9.10. Expulsion. Separation from the University without the possibility of regaining recognition. This may include restricted access to campus and/or other specified activities.  

11. Restrictions on contact with specified people.  

10-12. Restrictions on access to or use of University-related property, facilities, or equipment.

Additional sanctions outcomes may be imposed that are specific to student organizations or student groups, found in Greek and other organizational constitutions, or in Oglesby Union and Student Activities Center policies.

3) Appeals  
   a) Function  
   The presumption is the investigation and hearing process were appropriately conducted. An appeal may be requested on any first-level hearing decision, provided that one or more of the reasons for appeal listed in Section 3.D “Appeal Requests” is relevant to the case. On appeal, the burden of proof rests with the student organization or student group requesting an appeal to show the appeal has merit. The appropriate Student Conduct Authority (or designee) may choose to deny an appellate request if it is determined after a full review of the request the basis for the appeal has no merit. The appellate body varies depending on the initial hearing body and is outlined below. All appellate decisions are considered recommended decisions to the Vice President (or designee) to show clearly that a fundamental due process error that would substantially impact the outcome of the hearing has occurred during the first-level hearing process. The appellate body varies depending on the initial hearing body and is outlined below.

   Appeals involving Reporting and Responding Parties  
   In the event an incident involves a reporting party (including but not limited cases involving allegations of sexual misconduct, endangerment, harassment, stalking and hazing), both the responding party and the reporting party have the right to appeal the first-level decision. In the event both parties submit an appeal request within the stated timeframe (see “Appeal Requests” below), one appellate officer will be assigned and one appeal hearing will be conducted (see “Appellate Officers” below). Both parties will be provided the opportunity to attend the appeal hearing and the appeal decision outcome will be communicated to both parties. If the responding party appeals, the reporting party will be notified of the appeal, will be provided the opportunity to attend
the appeal meeting, and will be notified of the appeal outcome. If the reporting party appeals, the responding party will be notified of the appeal will be provided the opportunity to attend the appeal hearing, and will be notified of the appeal outcome. If either party wishes to respond to the original appeal request, the other party will be afforded the opportunity to respond to the appeal, specifically if said individual is unavailable to attend a possible appeal meeting.

b) Appellate Officers
As noted in the section titled “Authority” of this Code, the Vice President and Dean of Students or designees have the authority to designate individuals as hearing or appellate officers, when appropriate. University Housing and International Programs are also extended the authority to identify appropriate appellate officers for the execution of student conduct concerns within their respective areas.

1. Recommended decisions of the Student Conduct Board may be appealed to the Dean of Students (or designee).
2. Recommended decisions of Administrative Hearing Panels may be appealed to the Dean of Students (or designee).
3. Recommended decision of the University Housing Conduct Board may be appealed to the Executive Director of University Housing (or designee).
4. Recommended decisions of the Director of the Office of Student Rights and Responsibilities (and designees) may be appealed to the Dean of Students (or designee).
5. Recommended decisions of other hearing officers appointed by the Dean of Students may be appealed to the Dean of Students (or designee, including a panel).
6. Recommended decisions of hearing officers appointed by the Executive Director of University Housing may be appealed to the Executive Director of University Housing (or designee).
7. Recommended decisions of the Dean of Students may be appealed to the Vice President (or designee).

c) Appeal Requests
1. A written request shall be submitted to the Office of Student Rights and Responsibilities or University Housing Student Conduct Authority (or designee) within five (5) business days after the student organization or student group is notified of the initial hearing decision.
2. The request shall state the reason(s) for appeal (see numeral 3 below); the supporting facts, and the recommended way to correct the error and supporting appellate information.
3. Appeals are not opportunities for full re-hearings of cases already decided. Appeal considerations are limited to:
   a. Due process errors involving violations of a responding party’s student organization or student group’s fundamental due process rights or a reporting party’s individual’s rights (see “Procedures”) that substantially affected the outcome of the initial hearing.
   b. Demonstrated prejudice against any party by the person presiding over the hearing. Such prejudice must be evidence by a conflict of interest, bias, pressure, or influence that precluded a fair and impartial hearing.
   c. Newly discovered, relevant information that was not reasonably available at the time of the original hearing and that would have substantially affected the outcome of the original hearing.
   d. An outcome imposed is extraordinarily disproportionate for the violation(s) committed and the cumulative conduct history of the responding student sanction that is extraordinarily disproportionate to the violation committed.
   e. The preponderance of the evidence presented at the hearing does not support the finding with regard to responsibility. Appeals based on this consideration will be limited solely to a review of the record of the first-level hearing, except newly discovered evidence under sub-bullet 3(c) above may also be considered.

d) Appellate Review
   1. Will involve an initial file review by the appellate officer. The appellate officer may make a determination based solely on this review. The outcome of the file review may become the official decision (see Section 3.F “Appellate Recommendations and Decision”). File reviews are the default appellate process.
   2. If the appellate officer determines a need for additional information, that officer may request written materials and/or an appeal-appellate meeting with the responding party-student organization or student group and/or reporting party-individual(s) (see numerals 3-7 below).
   3. If deemed necessary, an appeal-appellate meeting will be scheduled within ten (10) business days of receiving the written request for appeal.
   4. If deemed necessary, an appeal-appellate meeting will involve speaking with the responding student organization or student group party and/or reporting party-individual(s) and any witnesses called by either party; the appellate officer may determine whether there is a need to call any further witnesses or gather additional information.
   5. An appeal meeting will be audio recorded; this recording will serve as the official record of the meeting. All reasonable attempts will be made to audio record the appellate meeting. This recording will serve as the official record of the meeting and acts as the sole recording. Any recording conducted
without the express knowledge and permission of participants could possibly result in further action, including, but not limited to, student conduct action.

6. The responding student organization or student group party and/or reporting party-individual(s) will be afforded the opportunity to bring an advisor to the appellate meeting.

7. All appellate meeting meetings will be fair and impartial. Prior to the start of an appellate meeting, the responding student organization or student group or reporting student(s) may submit a challenge regarding the perceived impartiality of the appellate officer to an appropriate Student Conduct Authority (or designee). Decisions on such challenges made by that Student Conduct Authority (or designee) shall be final and not subject to appeal. All concerns of perceived impartiality will be noted in the case record. The responding party and/or reporting party may submit a written challenge to the impartiality of any appellate officer to the Office of Student Rights and Responsibilities.

8. If the responding student organization or student group party and/or reporting party-individual(s) fails to appear at the scheduled appeal meeting after proper notice or otherwise fails to cooperate with the Student Organization Conduct Code process, the meeting may still be held in their absence.

9. During an appeal period, any action that would have gone into effect as a result of a first-level hearing decision is placed on hold until the full conclusion of the appellate process. Discretion is provided to the appropriate Student Conduct Authority if the immediate health and safety needs of a community may require a modification of this expectation.

e) Appeals Involving Reporting and Responding Parties
For incidents involving reporting individual(s), both the reporting individual(s) and the responding student are afforded the opportunity to submit an appeal request of the Student Conduct Authority’s decision within five (5) business days after the hearing decision is sent to the reporting individual(s) and responding student.

1. Once an appeal request is received, the other party will be notified and provided with an opportunity to review the submitted appeal request and submit a written response or their own appeal on separate grounds within three (3) business days, or by the original appeal submission deadline, whichever is greater. Deadlines may be extended at the discretion of Student Conduct Authority (or designee) under exceptional circumstances. A deadline extension request must be submitted in writing.

2. The Student Conduct Authority (or designee) will also provide a written response for review by the appellate officer after reviewing all submissions from the reporting individual(s) and/or responding student. All supporting information for the appeal request from the reporting individual(s) and/or responding student
must be submitted by the specified submission deadline in order to be
considered by the appellate officer. Upon receipt of all documents and
information, the appellate officer will conduct an efficient and narrow review of
the file limited to the grounds identified by the initiator of the review.

3. If the appellate officer determines the appeal request sufficiently meets one or
more of the appeal grounds, the appeal request will be forwarded to the Vice
President for review.

4. There are no additional meetings with the reporting individual(s) and/or
responding student unless there are exceptional circumstances as determined by
the appellate officer, in which case the Vice President must offer both the
reporting individual(s) and/or responding student the same opportunity to
discuss the case.

   The Vice President’s decision is considered the final University decision
and will be communicated simultaneously in writing to both the reporting
individual(s) and the responding student.

Appellate Recommendations and Decisions

1. The appellate officer may recommend to affirm, modify, or reverse the
   hearing first-level decision; or order that a new hearing be held. The
   appellate officer may not modify or reverse a finding of “not responsible,”
   but may recommend that the finding be set aside and a new hearing be held.

2. All appellate recommendations are transmitted given to the Vice President.
   The Vice President (or designee) has the right to affirm, modify, or reverse
   the recommendation, or to order a new hearing.

3. The final decision is communicated in writing within fifteen (15) business
days of an appellate hearing. This time period may be extended if necessary
for consideration of the record on appeal.

4. Once approved by the Vice President (or designee), appellate
   recommendations become final agency action. Final agency action decisions
   may be appealed by writ of certiorari to the Second Judicial Circuit in and for
   Leon County, Florida.

5. Except in the case of an interim disciplinary action pursuant to Section (5)
   below, the responding party’s student organization or student group’s status
   will remain unchanged until the appellate process is final.
4) Records

a) Records Maintenance

Records of all student conduct cases will be maintained in the Office of Student Rights and Responsibilities or in University Housing. Records which result in a finding of not responsible or result in suspension or a less severe sanction shall be destroyed in compliance with Florida Public Records law. Records of student organization conduct actions which result in a change in the student organization or student group’s recognition status will be removed seven (7) years after the date of completion. Records of student organization conduct actions which result in a student organization or student group’s permanent separation from the University or expulsion will not be removed from the official record under any circumstances. Any records kept beyond this limit is for statistical purposes will not be considered or released as official student conduct records. The University may choose to retain records outside of these timeframes as deemed appropriate.

b) Release of Records

The release of student conduct records will be governed by applicable federal and state laws regarding the privacy of education records. General information regarding the outcome of student conduct proceedings (without identifying information) may be released to the public.

c) Copies of Records

1. Recordings of hearings may be reviewed at the Office of Student Rights and Responsibilities. The Office of Student Rights and Responsibilities may require the reviewer to sign a confidentiality agreement as a condition of the review. Copies of recordings are not available unless all parties and witnesses have provided written confidentiality waivers.

2. Transcripts of recorded hearings will not be prepared by the University. Any person desiring a transcript of a recorded hearing should Contact the Office of the General Counsel, which will arrange for the preparation of the transcript by a court reporting service. The court reporting service will provide the transcript to the Office of the General Counsel, which will perform a confidentiality review of the transcript and redact any confidential or exempt information pursuant to state or federal law. The requester shall bear the cost of the transcript preparation and confidentiality review.
5) **Interim Disciplinary Action Health and Safety Suspension**

Based upon a student organization or student group’s alleged behavior, the Vice President or, the Dean of Students, or their designee(s) may impose an interim disciplinary action health and safety suspension prior to the initiation of formal charges under the Student Organization Conduct Code or to a student organization or student group’s hearing on the facts of the case.

1. When the student organization or student group’s actions/behaviors affect the safety, health, or general welfare of a student and/or the University community, an interim disciplinary action health and safety suspension may be issued.

1.2. The interim health and safety suspension may include notification of appropriate faculty and staff. Some of the restrictions that may be placed on the student organization or student group during the interim disciplinary period health and safety suspension also include, but are not limited to barring or limiting some or all of the organization or student group’s activities and/or privileges (e.g., social activities; intramural competition; organizational competition; Homecoming; eligibility to receive any University award or honorary recognition; privilege to occupy a position of leadership or responsibility in any University student organization governing body, publication, or activity; or ability to represent the University in an official capacity or position), entrance into University residence halls or other areas of campus, or contact with other specified person(s). While on interim disciplinary action health and safety suspension, the student organization or student group temporarily loses its status as a recognized student organization or student group for the duration of the interim disciplinary action health and safety suspension period. At the conclusion of the student organization conduct process, the loss of recognition either continues as a condition of sanctions-outcomes or is restored as a result of a student organization conduct hearing decision. During a student organization or student group’s interim disciplinary action health and safety suspension period, the student organization or student group may not use University resources or participate as an organization in any University activities or events.

2. The interim disciplinary action may include notification of appropriate faculty and staff, and restrictions including but not limited to, suspension, limited class attendance, use of University facilities, participation in student activities, representation of the University on athletic teams or in other leadership positions, entrance into University residence halls or other areas controlled, leased or used by the University, or contact with specified person(s).

3. An interim disciplinary action health and safety suspension requires that the student organization or student group be notified in writing. Various forms of correspondence (e.g., in-person delivery, certified mail, electronic) may be used to communicate the interim disciplinary action health and safety suspension.

4. An interim disciplinary action health and safety suspension does not supplant the student organization conduct process, which shall proceed on normal schedule and follow established procedures noted in the Code.
5. The student organization or student group may request a challenge of the interim disciplinary actionhealth and safety suspension to address the restrictions imposed. The student organization or student group’s challenge must be in writing to the Dean of Students. The scope of a challenge is limited to whether or not the interim health and safety suspension should continue. The burden falls on the responding student organization or student group to demonstrate why the interim health and safety suspension should not continue or be modified. The focus of a challenge of interim disciplinary action is to determine whether the immediate action is warranted to protect the safety and well-being of the University community regarding concerns of alleged student organization misconduct.

6. If a challenge is requested on the interim disciplinary action health and safety suspension, a meeting will be scheduled within three (3) business days of the receipt of a written request. The Dean of Students (or designee) will conduct the meeting.

7. For incidents involving alleged sexual misconduct, individual challenge meetings utilizing a similar procedure will be facilitated for responding student organizations or student groups and reporting individual(s).

8. At any a requested challenge meeting, information will be presented in support of any challenged disciplinary action interim health and safety suspension. The responding party student organization or student group may offer statements or other information to rebut any grounds offered in support of the interim disciplinary action health and safety suspension.

9. The Responding student organizations or student groups is-are afforded the right to have an advisor present at this meeting. The student organization or student group is required to utilize a student organization or student group representative to address the Dean of Students (or designee) in person, on behalf of the student organization or student group, although the student organization or student group representative may consult with their advisor during the meeting. This consultation must take place in a manner that does not disrupt the proceedings. The advisor shall not speak on behalf of the student organization or student group unless expressly authorized to do so by the administrator conducting the meeting. The responding party student organization or student group, reporting party individual(s), and any witnesses shall provide the advisor’s name in writing to the Office of Student Rights and Responsibilities or University Housing Student Conduct Authority two-three (3) business days prior to the meeting. The advisor may not serve as a witness.

10. The student organization or student group may only present information relevant as to whether the interim health and safety suspension should be continued or changed during the meeting. Present any information during the challenge of the interim disciplinary action. The presentation of witnesses is at the discretion of the administrator conducting the meeting.

11. The student organization or student group will be notified of the outcome of the meeting in writing. The written notification of the outcome is final as to the interim disciplinary action health and safety suspension, pending the final results of the Student Organization Conduct Codestudent organization conduct process. In the event there is a Reporting Party-individual(s) involved, said individual(s) will be
informed of the outcome of an interim disciplinary action health and safety suspension challenge.

11. Formal student organization conduct charges may be filed at the completion of all law enforcement and relevant University investigations or as soon as practicable, even if law enforcement investigations or criminal proceedings are ongoing.
